Beauty

Siding: CedarBoards Double 6” Clapboard in cypress.
Trim: Vinyl Carpentry® & Restoration Millwork®.
Dressing your home in CedarBoards Insulated Siding is like wrapping your family in a cozy blanket. Inside, you’ll enjoy a quieter, more comfortable home. Outside, you’ll appreciate the authentic look of natural wood, enhanced by distinctive colors and finishing touches.

The outstanding durability of CedarBoards offers superior protection you can count on for years to come. CedarBoards is a green approved product, one recognized for its environmentally friendly benefits.
CedarBoards Insulated Siding offers the advantages that come with both innovation and conservation. Your home becomes a haven of comfort and quiet, made possible by a material that supports the effort to preserve natural resources and the environment.
Conservation

Siding: CedarBoards Double 6" Clapboard in timber blend.

Trim: Vinyl Carpentry® & Restoration Millwork®.
CedarBoards offers complete comfort—both in performance qualities and environmental benefits. You’ll enjoy warmth, quiet, durability and beauty—and the knowledge that you achieved it all with a “green” product choice.

**Enhanced Energy Savings**

CedarBoards custom-contoured foam increases your home’s energy efficiency, providing an extra measure of comfort to your interior spaces. You’ll feel warmer in winter and cooler in summer. CedarBoards can increase overall thermal performance, helping to reduce heating and cooling costs.

Double 6” Rough Cedar Clapboard - **R-2.2**
Single 7” Rough Cedar Clapboard - **R-2.0**
Double 4” Rough Cedar Clapboard - **R-2.0**
Double 4-1/2” Rough Cedar Dutchlap - **R-2.3**
Single 12” Rough Cedar Board & Batten - **R-2.7**

**Quiet Interiors**

The outside world stays outside in a home sided with CedarBoards. The innovative foam backing reduces exterior noise, enhancing interior acoustics.
Protection
Water vapor that seeps into hidden wall cavities can result in mold, mildew and fungi, and contribute to wood deterioration. CedarBoards Insulated Siding has excellent breathability, so you can breathe easy. It absorbs little water and has a permeability rating of 5.0 perms per square inch. Material with a perm rating of more than 1 is not considered a vapor barrier and won’t trap moisture behind the wall. It allows moisture to escape – and frees you from concerns about the structural damage and health effects caused by excess moisture.

Commitment to Sustainability
CertainTeed respects the environment through the responsible development of sustainable building products and systems. While enjoying the comfort of CedarBoards, you’ll also enjoy knowing that you’ve made a prudent “green” building choice.

- Uses minimal raw materials and generates zero waste in the manufacturing process.
- Reduces the use of natural resources such as cedar and other woods.
- Prevents toxins from entering the environment because it never needs painting or caulking.
- Helps meet the stringent requirements of LEED and NGBS Green Building Standards.
- The insulating foam backing contributes to energy conservation.
- Contains no phthalates or heavy metals.
- Double 6” Clapboard – up to 64% recycled content.
- NGBS green approved product.
- Green Circle Certified.

*Cypress, Savannah Wicker, and Natural Clay colors only
** The vinyl siding component of this product is recyclable, however, additional steps will need to be taken to recycle the insulated vinyl siding assembly.
From contemporary to classic, striking to subtle, CedarBoards’ wide choice of colors and profiles gives you the freedom to express your unique outlook on life, and to beautifully blend your sense of home with your sense of style.
Life Style

Siding: CedarBoards™ XL Single 7” Clapboard in natural clay.

Trim: Vinyl Carpentry® & Restoration Millwork®.

Siding: CedarBoards™ Single 12” Board and Batten in colonial white.
Molded from selected cedar boards, designed in a classic wide-board style, and strengthened with a custom-contoured foam backing, CedarBoards has the look and substantive feel of beautifully crafted wood siding.

**Classic Styles**

In addition to Single 7”, Double 6” wide-board, Double 4-1/2” Dutchlap and Double 4” Clapboard, CedarBoards is also available in a Board & Batten 12” wide board profile.

**Natural Cedar Texture**

The natural wood appearance of CedarBoards comes straight from nature. Real cedar boards are hand selected. Then, using TrueTexture™ technology, CertainTeed creates a custom mold and transfers the grain pattern directly onto CedarBoards siding panels.

**CedarBoards™ XL… Long on Looks**

Double 6” and Single 7” CedarBoards XL panels are designed for special areas of the home where a continuous-panel appearance is preferred.

The extended length of CedarBoards XL can significantly reduce seams for a smoother, more continuous look.

**The Difference is Seamlessly Clear**

Start exploring preset color combinations and create your own custom exterior with on-line, interactive tools, designed to help you “Visualize Your Home”.

Start now at certainteed.com/colortools

**Color Performance, Impact Resistance and Durability**

Color performance, impact resistance and durability are assured through our exclusive PermaColor™ System, a blend of our own Certavin™ resin, superior micro-ingredients and state-of-the-art pigment chemistry.

Double 4-1/2” Dutchlap in suede

Double 4” Clapboard in sterling gray

Double 6” Clapboard in flagstone

Single 7” Clapboard in sable brown

Flat Face, 12” Board & Batten
CertainTeed’s 10” board span and 2” batten is the industry’s widest. With a 5/8” panel projection it is designed to have a straight, even face with a flat surface for a true cedar board appearance.

CedarBoards™

RigidForm™
This double-thick .088” rolled-over nail hem design increases and stiffens the panel.

Straight Even Face
CedarBoards panels have a straight, even face without the concavity common to ordinary vinyl siding.

Deep 3/4” Straight-Edge Panel Projection
Wood siding crafted from newly-sawn cedar typically features a deep, panel projection.

CedarBoards™

Custom Contoured Foam
CedarBoards custom contoured foam backing increases R-value, improving the home’s thermal efficiency. It also adds strength and rigidity for a solid look and feel.

Sharp Batten Edge
The straight-edged design of the batten creates a finely crafted, real-wood look.

Premium Thickness for Outstanding Strength and Durability

.052” thickness - S12 Board & Batten panel
.044” thickness - D6, S7, D4 & D4-1/2 panels

Traditional Siding Panel – 12 Feet 6 Inches

CedarBoards™ XL Double 6” and Single 7” Clapboard – 16 Feet 8 Inches

Texture

13
Little things mean a lot. A colorful highlight. A beautifully crafted accent. Something bold. Something refined. Whatever touches of style you have in mind, CedarBoards Insulated Siding along with CertainTeed’s Decorative Trim give you the options to craft a beautiful exterior design.
Craftsmanship

Decorative Trim
Two great choices for one authentic, real wood look.

Vinyl Carpentry®
It's easy to dress a home in personality with Vinyl Carpentry’s wide array of decorative design possibilities. The look is authentic cedar. The style is all yours, with a broad assortment of trim available in colors to coordinate or contrast with CedarBoards siding. Create your look with accessories and trim specially designed for CedarBoards or with easily adapted standard accessories:

- Traditional SuperCorner™
- Standard corner
- Finish Board
- Band Board
- 3-1/2" lineal
- Inside corner
- J-channel
- Starter strip

Perfection Shingles and CedarBoards
Double 6" with 7-1/4" Band Board with foam insert

Traditional SuperCorner with CedarBoards
Double 4" in timber blend

3-1/2" Lineal with Crown Molding
**Restoration Millwork®**

With Restoration Millwork, CertainTeed offers solutions that meet the needs of both professionals and homeowners. Restoration Millwork trim makes a statement of authenticity on any home’s exterior; it cuts, mills, shapes and routes like the finest top-grade lumber. But, because it’s made from cellular PVC, Restoration Millwork will outlast wood.

**Versatility**
Available in sheets and decorative trim for custom creations or pre-made products for easy installation.

**Superior Performance**
Low maintenance and no worries about rotting, warping, moisture or insects.

**Custom Colors**
Can be easily painted with Sherwin-Williams VinylSafe™ paint colors to complement with all exterior siding colors.

*See Installation Guidelines RM003 for painting instructions.*
Meticulously engineered and designed for precision performance, CedarBoards Insulated Siding is a choice you can trust. From the safety of an accurate installation, to the features that ensure long-term strength and durability, CedarBoards contributes to a home you’ll enjoy for a lifetime.
Performance

Siding: CedarBoards Single 7" Clapboard in sandpiper.
Trim: Vinyl Carpentry® & Restoration Millwork®.
For strength, safety and long-term durability, nothing performs like CedarBoards. With this unique siding, the best in innovative design and engineering come together in a product you can trust for a lifetime.

**Installation Innovation**

CertainTeed is the only siding engineered to include an integral installation guide on each panel. The patented STUDfinder™ Installation system is designed to help ensure a precise installation for optimum siding performance.

**Enhanced Safety**

An accurate installation does more than secure the siding panels. It can also help enhance safety by assuring that nails do not impact anything located between the studs, including plumbing or wiring. Penetrating these items could result in water damage, fire or other dangers.

**Accuracy and Quality**

STUDfinder is engineered to align nail slots precisely with construction standards of 16" on center, with indicator letters centered under each nail slot to make it easy to locate studs and help ensure accuracy.
Wind Resistance

Duralock® features an oversized rigid tear-drop shape which is substantially larger than many competitor’s locks. Combined with the added rigidity of the foam reinforcement, CedarBoards is highly resistant to blow-off, and is designed and tested to withstand hurricane force winds.

Protection from Insects

With CedarBoards, you’ll enjoy the beautiful look of wood, without the problems caused by wood-loving insects. CedarBoards is resistant to termites and meets all applicable building code requirements for ground contact.

Strength and Rigidity

CedarBoards’ rigid foam backing and high-quality vinyl construction create a firm wall of protection for your home. This outstanding product also stands up to hail and other unpredictable forces of nature.
A product and company you can trust completely is hard to come by. With CedarBoards, confidence comes easily, and with CertainTeed’s environmental commitment to the responsible development of sustainable building products and systems, you can be even more comfortable with your purchase decision.

The Perfect Balance of Beauty and Performance

CedarBoards is the siding of choice for homeowners who understand the benefits of balance:

**Interior warmth and quiet …**

provided by an environmentally friendly “green” building product

**Natural wood beauty and style …**

in an advanced material that requires little upkeep

**Protection for your home and family**

delivered simply and effectively through innovative design features.

A Unique System of Benefits

- Can increase overall thermal performance, helping to reduce heating and cooling costs.
- Custom contoured foam **provides strength, rigidity** and **increased R-value**.
- **Reduces air infiltration** to inhibit drafts.
- **Absorbs sound** for reduced exterior noise infiltration.
- Compensates for minor wall imperfections.
- Insulation treated with fire retardant and insect repellent – contains no ozone-depleting chemicals.
- **STUDfinder™ Installation System** for accurate and secure installation.
- Designed and tested to **withstand hurricane force winds**.
- **DuraLock®** post-formed lock.
- **Extended Length** profiles reduce the number of seams for a more continuous look.
- **23 low-gloss colors** with a wide variety of coordinating trim.
- **.044” premium thick** vinyl on horizontal profiles.
- **.052” premium thick** vinyl on the Single 12” Board & Batten profile.
- **Lifetime** limited warranty with **PermaColor™ Lifetime Fade Protection**.
A Tradition of Trust
For more than 100 Years, CertainTeed has stood by its founding commitment to Quality made certain, Satisfaction guaranteed. Today, CertainTeed remains a leader in the building and remodeling industries, and the market’s most trusted source for building and remodeling products.

CedarBoards is the #1 Insulated Siding
CedarBoards is rated as the number one insulated siding in brand awareness, quality, performance and use by both building and remodeling professionals.

A Lifetime of Confidence
CedarBoards is backed by a lifetime limited warranty, as well as by CertainTeed’s exclusive PermaColor lifetime fade protection.
CertainTeed products are designed to work together and complement each other in color and style to give your home a beautiful finished look.
